PUBLIC ATTENDEE SPEAKERS:

- ❖ Debra Swanson
- ❖ Robert “Barry” Mucklow

CANVASSING BOARD BUSINESS:

- ❖ Meeting called to order at 8:02 A.M. Mrs. Walker introduced Canvassing Board members and counsel.
- ❖ Mrs. Walker announced dates of publication of the Canvassing Board Meeting on July 12, 2024, in the News Tribune, and on July 18, 2024, in El Hispano, and on the SOE website.

- ❖ Attorney Valentin reminded everyone of rules of decorum governing meetings.
- ❖ Judge Isenhower asked for public comment. Debra Swanson noted sometimes persons present at 7:00 for envelope inspection are not getting in at 7:00 A.M. because of the need to go through security. She requested the sign-in process take place as persons are waiting in line to go through security checkpoint. Ms. Swanson inquired as to a tray she observed on top of locked cage. After conferring with VBM Coordinator, Mrs. Walker advised those items in tray were ballots recently received that staff determined needed review by the Board. Attorney Gieseler advised that the tray containing envelopes had been locked in the SOE's office pending review by the Board.
- ❖ Robert "Barry" Mucklow inquired whether public would be permitted to inspect the aforementioned group of ballot envelopes. Mrs. Walker advised they must first be reviewed by the Board to determine eligibility. Once accepted, that grouping may be presented for inspection at the Board's pleasure. Mr. Mucklow also inquired as to changes in the Canvassing Board schedule and the sufficiency of authorized observer forms in the event of a scheduling change. Mrs. Walker indicated the forms properly filed would be accepted for the rescheduling, if any, of a particular meeting. Mr. Mucklow also requested the Board take steps to ensure all conversations during meetings are had using microphones so all discussions can be heard.
- ❖ Judge Isenhower made motion to accept the 8/2/2024 Canvassing Board minutes. Second by Judge Vaughn. Motion carried unanimously.
- ❖ Judge Isenhower moved to commence opening of ballots for today's session. Second by Judge Vaughn. Motion carried unanimously. Mrs. Walker advised total number of ballots presented today is 3,025.
- ❖ Mrs. Walker requested the Board undertake review of ballot envelopes brought forward by staff. Included in that grouping was one overseas ballot, four damaged ballots, 17 signature cure affidavits. Those envelopes were reviewed by the Board, displayed for observers on the overhead projector, voted on individually by the Board and logged appropriately. SOE staff then presented 24 mismatched signature/household ballot envelopes. Attorney Valentin confirmed those can be accepted without the need for Board review if the signatures have been verified by SOE staff. Mrs. Barcomb affirmed that process had occurred. Judge Isenhower stated those

would be accepted per Board criteria. Two previous election cycle envelopes reviewed and opened. Both envelopes containing ballots for previous election were rejected.

- ❖ The Board reviewed paperwork packet for one potentially ineligible voter. After review of paperwork, the Board rejected the ballot and logged accordingly,
- ❖ Mrs. Walker displayed the mismatched signature envelopes for observers to view.
- ❖ Mrs. Walker advised two additional previous election cycle envelopes had been received, but that those two voters had also returned ballots for the correct August 20th Primary. The incorrect previous cycle envelopes were pulled and marked rejected and will not be opened, since valid ballots by same voters received.
- ❖ The cage under Seal #0649871 was opened and Box under Seal #95-003 opened to begin process of duplicating ballots held from previous meeting awaiting enactment of criteria determining voter intent.
- ❖ Mrs. Walker advised there had been eight challenges from this morning's public inspection. However, once observers were able to view voter signatures on screen, the eight challenges were dismissed. There were three remaining challenges reviewed by the Board; two because of placement of signatures outside the signature block on envelope and one because name on envelope did not match signature on file. Board directed staff to pull paperwork on that voter. Board counsel provided citation of rule pertaining to signatures on a ballot envelope. After discussion, Judge Isenhower moved to accept the two ballots with improperly placed signatures, determining that the signatures while not in the designated signature block were in close proximity thereto. After review of paperwork on name/signature discrepancy, the Board voted it was a matched signature and accepted that ballot.
- ❖ Mrs. Walker thanked poll workers for their assistance with ballot opening and excused them.
- ❖ The Board commenced review and duplication, where necessary, of 79 ballots from previous meeting, logging accordingly. The Board continued review and duplication of 30 ballots from today's session, again logging accordingly. The Board was presented with two envelopes that contained no ballot. Those envelopes were marked rejected and staff instructed to notify the voters.
- ❖ Upon completion, signature cure affidavits, rejected ballots, log sheets and unused duplicated ballots were placed in box under Seal #95-004. Original ballots that had been duplicated were placed in box under Seal #95-005.

- ❖ Before sealing of cage, the staff brought to Board's attention one ballot originally thought not to need duplication had smudge marks and indeed did need duplicating. Duplication was done and the Box 95-005 was opened, original ballot placed therein, and the box then re-sealed under Seal #95-006. The boxes were placed in cage and sealed under Seal #0649868.
- ❖ Judge Isenhower announced the next meeting would be August 13, 2024, at 8:00 A.M., following public inspection held at 7:00 A.M.
- ❖ Judge Isenhower made a motion to adjourn at 12:35 P.M. Second by Judge Vaughn. Motion carried.

- ❖ Mrs. Walker reported as of Election Day, a total of 48,438 votes cast. Following processing on 8/22/2024 of 32 signature cure affidavits, seven provisional ballots and four unscanned ballots (total of 43 additional) ballots, the total votes cast is 48,481.
- ❖ Mrs. Walker advised recount must be concluded by 3:00 P.M. on Sunday, August 25, 2024.
- ❖ Judge Isenhower introduced the Canvassing Board and counsel.
- ❖ Mr. Charles Wilson was recognized to provide public comment. Mr. Wilson inquired as to procedure for making a challenge to a ballot. Mr. Wilson also questioned yesterday's total of 43 additional ballots, when the SOE Republican Primary candidate totals only increased by 12 votes for Mr. Umansky and 10 votes for Ms. Frey, a total of 22 votes rather than 43. Mrs. Walker pointed out not every voter casts a vote for every race. Attorney Nicholas Gieseler also advised that the 43 votes from the 8/22/2024 total would have included Democratic and non-partisan ballots that do not vote in the SOE Primary race. Judge Isenhower pointed out the fact that the total number of votes in the SOE race was 25,574, or just a little over 50% of total votes cast.
- ❖ Mrs. Walker advised the first unofficial results will be uploaded today to the State.
- ❖ Ms. Valentin reviewed the rules of decorum governing Board meetings.
- ❖ Logic and accuracy testing of ballot scanners was conducted for Vote-By-Mail ballots, polling location ballots and early voting ballots with a predetermined number of test decks. Motion carried unanimously.
- ❖ At 11:00 A.M. Judge Alonzo substituted in for Judge Isenhower.
- ❖ A Precinct 50 ballot rejected by scanners as an undervote in SOE race was presented to the Board for duplication and logged appropriately and set aside for later review by Judge Alonzo.
- ❖ The Board was presented with three ballots in need of duplication; one that had a partial blackening-in of oval, a water damaged ballot and a torn ballot. After Board determined clear voter intent on partially marked ballot, all three were duplicated.

- ❖ Attorney Nicholas Gieseler advised the Board that VBM recount had been completed and there was a two-vote discrepancy. The staff had targeted two boxes that caused discrepancy and those two boxes were re-run.
- ❖ Judge Alonzo moved to approve minutes of August 20, 2024 meeting. Second by Mr. Bridgers. Motion carried unanimously.
- ❖ The undervoted Precinct 50 ballot was discussed and determined that duplicating same was premature; the ballot should have been segregated as an undervote for the manual recount, if necessary. Motion by Judge Alonzo to discard duplicate and return original ballot to box containing undervotes. Second by Mr. Bridgers. Motion carried unanimously. Judge Alonzo struck duplication log notation and same was initialed by all three Canvassing Board members.
- ❖ At 5:00 P.M. Debora Johnson substituted in for Judge Vaughn.
- ❖ Judge Alonzo provided update that 8,155 votes out of the approximate 25,000 had been recounted thus far. 587 votes have been recognized as over or undervoted and segregated accordingly. These 587 ballots will be sealed under Seal #0649013.
- ❖ Attorney Nicholas Gieseler advised Board the boxes containing two-vote discrepancy were identified and reran, the incorrect totals voided, and the new totals reconciled. That reconciliation was included in the 8,155 total previously provided.
- ❖ Judge Isenhower briefly stood in for Judge Alonzo and announced the breaking of Seal #0649009 for Election Day ballots so that Election Day ballot recount could commence.

CANVASSING BOARD BUSINESS:

- ❖ The meeting was called to order at 3:01 by the Honorable Jeffrey Hendriks.
- ❖ Supervisor Walker reported notice of the Canvassing Board meeting schedule has been duly published on the Supervisor of Elections website since September 21, 2024 as well as in the *Saint Lucie News Tribune* on September 26, 2024 and *El Hispano Para Todos* on September 26, 2024. Supervisor Walker also noted that that Canvassing Board was called today to decide whether to accept or reject the unscanned and provisional ballots that would be presented.
- ❖ Stephanie Myers came forward with a blue security bag containing Signature Cure Affidavits

and ballots. The seal was broken on the bag and was #21561412. It was noted that the board could make their decision now but could change their decision if new Signature Cures were presented to the Supervisor's office by 5:00PM today.

- ❖ Caroline Valentin reminded everyone of the rules of decorum at a Canvassing Board Meeting.
- ❖ Supervisor Walker announced the board will be presented first with the provisional ballots that were not tabulated on the voting day. They are valid & should be accepted from Election Day and Early Voting.
- ❖ Judge Hendriks asked for public comment. Officially there were none, however, Debra Swanson asked if the ballots to be accepted included the person who had received the provisional ballot after he/she had received 3 ballots. Mrs. Walker explained that the clerks made an error. They were supposed to put the 3rd ballot through the ICE machine regardless of if it had a mistake or not. Instead, they did not put the 3rd ballot through the ICE machine and issued a provisional ballot.
- ❖ Judge Hendriks was presented with 5 provisional ballots. He asked for clarification as to the status of these 5 provisional ballots all fell into the above category, and Ankara Avilez confirmed that all 5 were for voters who had not cast a ballot due to 3 previous spoiled ballots. Judge Hendriks motioned that all 5 be accepted and Mr. Bluestone seconded the motion and it passed unanimously. Logged in as numbers 116 to 120.
- ❖ At 3:19 Pastor Craig Bridgers arrived.
- ❖ The board was then presented with the 23 ballots from Early Voting. The board accepted 21 total of the 23 presented.
- ❖ The board was presented with the 96 provisional ballots from early voting. The board went through each one deciding to reject all 96, although 1 ballot was found to be from Election Day.
- ❖ The board was presented with 22 ballots from Election Day which the staff had confirmed as valid. Judge Hendriks made a motion to accept all 22 ballots seconded by Mr. Bluestone, and the motion carried unanimously. The ballots were then taken to be tabulated.
- ❖ Carolyn Valentin noted that if someone should produce the proof needed before 5:00PM, the board can reverse its decision and accept the ballot.
- ❖ The Signature cure affidavits were then laid out for the public inspection. There are 30 to be inspected. Judge Hendriks called for a break at 4:03 so the public could inspect the signature cures.
- ❖ At 4:29PM Judge Hendriks called the board back in session. Judge Hendriks suggested that all 30 Signature Cure ballots should be accepted. Debra Swanson objected to this because one of the Signature Cures did not match the last name on the Ballot envelope. The ballot envelope was then pulled for review. Board called a recess at 4:54 for Caroline Valentin to research. At 5:09 Judge Hendriks went back on record. He noted that the

signature cure affidavit is confirming that this voter is who is on the envelope. Caroline Valentine then referred to section 101.68 which states that the signature cure when sent back should then become the new signature on record. The first name signature did match exactly to the signature currently on file in the supervisors office. With that, Judge Hendriks made a motion to accept the 30 Signature Cures. Pastor Bridgers seconded the motion, and the motion carried unanimously. The ballots were then opened and sent to tabulation.

- ❖ The board was then presented with Early Voting Provisionals that were recommended to be rejected. The board voted to reject all. Logged in as # 24 to # 115.
- ❖ The board was presented with ballots that were unscanned. Board went through each individually. Most were accepted with some having to be duplicated. Some were rejected due to being blank or abandoned.
- ❖ Board was presented with 42 Election Day Provisional ballots. All were accepted. Logged in as numbers 1 through 42.
- ❖ Board presented with Election Day Provisional Ballots to be Rejected. All were rejected and logged in #43 through # 210.
- ❖ At 6:45PM Stephanie Myers presented to the board the ballots where the signature cures were not in the Supervisors Office by 5:00PM. This was under seals # 21561414 and 21561413.
- ❖ One ballot was presented where one person in the household voted early, and the other household member did not vote, so we can accept 1 ballot from household to be tabulated. The remaining ballots were to be rejected because there was no signature cure in the office by 5:00PM There were 54 with no signature cure and a total of 162 with a signature difference.
- ❖ Judge Hendriks then broke Seal # 862661 on the cage containing the Pre Scan Ballots. This was opened so that Pierre Richard Vincent could prescan the write in ballots that the clerks had put into red bags on election day evening instead of keeping them with the other ballots that went through the ICE machines.
- ❖ Judge Hendriks then added Seal # 0419669 and Seal #0421153 to boxes containing the original ballots and Provisional envelopes.
- ❖ Seal # 96-022 was placed on the box containing the Elections Day Provisionals, Log Sheets and Signature Cures
- ❖ Seal # 96-020 was placed on the Early Voting Provisionals, Early Voting Log, Accepted Signature Cures and Log Sheets.
- ❖ Seal # 96-021 was placed on the unscanned election day ballots, original ballots and unscanned ice machine tapes
- ❖ Judge Hendriks then broke seal # 1033192 on the cage containing the previous boards work and resealed all the boxes from this meeting with seal # 1033196

- ❖ At 9:06 the board was then presented with the new unofficial results. This showed a difference from election day in that 145 ballots were added to the total number of ballots cast.
- ❖ Supervisor Walker then asked for the proof that there were 145 ballots accepted.
- ❖ The board went on break while the staff examined the log sheets.
- ❖ At 9:25PM the board reconvened and the log sheets were shown to the board and the observers where the 145 ballots were entered on the logs.

There being no further business, Judge Hendriks made a motion to adjourn the meeting until Friday, November 15 at 3:00 pm; Craig Bridgers seconded the motion and motion carried unanimously. The meeting was adjourned at 9:29PM.
